

LOCAL MATTERS.

WEDNESDAY EVENING, NOVEMBER 18.

For this section continued cold thick weather, with fair to day and warm at night.

KING GEORGE DEMOCRATS.—As stated in Monday's GAZETTE, the democrats of King George county met on Saturday and elected delegates to the Congressional convention which meets in this city on the 24th inst. The delegates, as heretofore stated, favor Mr. S. W. Corbin, of that county, for Congress.

Before the convention proceeded to elect delegates, a resolution, offered by T. H. Bryan, was adopted, pledging all who participated in the proceedings to support the nominee of the Alexandria convention.

The following resolution, offered by G. W. Griggby, was unanimously adopted:

Resolved, That the democrats of King George county, in a meeting assembled, do hereby declare their intention to support the action of the delegates chosen to represent us in the convention which has been called to convene at Alexandria, Va., on the 24th inst., to nominate a candidate for Congress from the Eighth district, but we do, nevertheless, in reference thereto, for S. W. Corbin, hereby express our preference for S. W. Corbin, and as the nominee of said convention, Corbin, and as the delegates shall cast and earnestly desire that our delegates shall cast the vote of this county for Mr. Corbin whenever his name may be before the convention, and use all honorable and proper means at their command to procure his nomination.

Yates, 3; T. J. Jones, 4; Lambert Sullivan, 2; W. A. Harding, 5.

ADJUDICATING EX-CONFEDERATES.—The opening of the session of the court for the aid of the Ex-Confederates was given in Washington last night at Willard's Hall in the presence of a large and appreciative audience. The entertainment was of the most excellent quality. The program included a concert in which the best vocal talent appeared, and at which many distinguished persons were present. To-night there will be a literary and musical entertainment, and on Thursday night the program will include readings and choruses.

DEADEND STEAMER.—The steamer Norfolk on her way down the river last night ran into an accident to her machinery which necessitated her coming to anchor at Sandy Point, about 35 miles below this city. The steamer Washington on her way up from Norfolk this morning took the disabled steamer in tow and took her to Washington where the damage to her machinery will be repaired. The Norfolk, it will be remembered, ran aground at the White House on Sunday morning last and was just gotten off yesterday morning.

COLD WAVE.—About 12 o'clock yesterday the wind, which had been blowing from the southeast, accompanied by rain, changed to the northwest and blew a gale. About four o'clock the blue sky became visible in the west, and from that time till long after daybreak this morning the wind blew fierce and strong, while the temperature fell rapidly, rendering the air uncomfortably cold. After the early hours of the night but few people were found on the streets. The thermometer in all exposed places, the mercury in some thermometers this morning standing at 26°.

FIRE AT FALLS CHURCH.—The barn of Yate Rice was burned last night, with all its contents including two fine horses. Mr. Rice lives about one-fourth of a mile from the town. He had just completed a large addition to the barn, but had not increased his insurance of \$650 in the Falls Church mutual.

VISIT.—Rathbone Division U. R. K. of P., under command of Capt. S. L. Monroe, and headed by the Alexandria Drum Corps, will leave here on the 7:35 local train to-night to visit the 4th of Nelson D. Division of Washington. A number of ladies will accompany them on the trip.

PERSONAL.—Mr. L. C. Barley, who is to be married at St. Paul's Church to-night to Miss Bessie Smart, last night gave a handsome supper at Mr. G. A. Apple's restaurant to a number of his friends, including those who will act as his ushers.

STATE MILITIA.—The report of General James M. Smith, Adjutant-General of the Virginia volunteers, has just been received. The total strength of the Virginia volunteers, officers and men, as shown by the report, is 2,781, against 2,748 at the same period last year. Of these 2,104 were present at inspection, against 2,006 last year. Of the whole number 2,279 are white and 502 colored. Of the white troops 1,785 are infantry, 303 cavalry, and 191 artillery. The colored are a infantry.

OPERA HOUSE.—The Philadelphia Times says of the Andersons' combination that it will appear here Saturday night: "The Two Old Crooks" always bring some new feature to the service, and their acts are more popular each time. Mr. Arnold was as funny as ever, while Charles Jerome kept the audience convulsed with laughter. The other members of the company successfully filled in the entertainment."

LOCAL BRIEVITIES

A marriage license was issued in Washington yesterday to Francis A. Gavr and Lydia V. Jones, of Loudoun county.

Two men were convicted in the County Court of Fairfax yesterday for selling liquor without license and each fined one hundred dollars.

The police report last night as having been clear and cold with ten lodgers but no prisoners at the station house. The Mayor this morning had no cases before him for trial.

The Washington Conference of the Congressional church held its thirteenth annual session yesterday in Plymouth church, at Seventeenth and P. streets, Washington. St. John's church, colored, of this city, was received into the conference.

Mr. Levi Hicks, of Fairfax, has instituted divorce proceedings here against Lillie Hicks, his wife, who is resident of this city and was formerly a Miss Mason. Deserion and adultery are the grounds for the suit.

The City Auditor to-day issued a permit to Mr. J. A. Brown to build two frame houses on Gibson street, between Henry and Patrick.

Hens that Lay.

Leghorns lay more eggs than any other variety of fowls; so says Fitch, the patriarch of poultry in America. He also claims that the white Leghorns will lay larger eggs than any other variety of Leghorns. He commences as an excellent cross, for practical purposes—meat and eggs—a white Leghorn cockerel on light Brahma hens. A correspondent in Southern Fancier says: "The best hen egg I have ever seen or tasted is that of the light Brahma hen, laid in her second year."

To insure plenty eggs all winter, put a little Stonebraker's Chicken Powder in their feed.

A BOY ABDUCTED.—A dispatch from Port-au-Prince, says: Chabagne Island, one of the Casco Bay group, is a ferment over the forcible abduction of a young bride by her irate mother, who had refused her consent to the marriage. For some time Maria B. Hamilton had been paying his attentions to the village schoolmaster, a bright, winsome young lady of 19, Miss Zitta Hamilton. On Monday, November 9, they were united in marriage by Rev. Joseph Wright. Three days later the bride, the eldest brother and her mother took the steamer to Portland, leaving quietly, and before the groom knew what had happened his bride was steaming away from the island. Since then he has had no word from her.

HALF HIS WHISKERS TURNED WHITE.—John Craig, a young newspaper man of San Francisco, who was recently appointed Secretary of the California World's Fair Commission, went to bed one day last week with a luxuriant growth of red whiskers and woke up with one side pure white. He thought some one had played a practical joke on him and altered the color with dye, but after shaving off the beard, on the side as before, half red and half white. The only explanation of the curious change of color is Craig's mental worry for seven months over the failure of the State authorities to approve California's application for the World's Fair. The State Comptroller refused to honor the salary warrants of the commission, and the case was appealed to the Supreme Court, where it has been hanging for several months. The members of the commission are all men of means, but Craig left a good newspaper position to accept the secretaryship and has not received a cent of pay for seven months.

Can any one tell us what the traveling public to Alexandria over the W. & O. E. R. have done, that they should every day, rain or shine, hot or cold, be unceremoniously turned out of good comfortable coaches at the junction and hustled, men, women and children, bags and baggage, into a cold, dreary, rickety old caboose, seats partly one way and partly the other, and thus travel to the good old city, while our Washington brethren go smiling up and as seemingly look with piteous contempt upon our forlorn condition, from the windows of the aforesaid comfortable coaches.

A Little Girl's Experience in a Lighthouse.

Mr. and Mrs. Loren Trecoff are keepers of the Lighthouse on Sand Beach, Mich., and are blessed with a daughter, four years old. Last April she was taken down with Measles, followed with a dreadful Cough and turning into a Fever. Doctors at home and at Detroit treated her, but in vain, she grew worse rapidly, until she was a mere handful of bones. Then she tried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you may get a trial bottle free at E. S. Leadbeater & Bro's drug store.

MONETARY AND COMMERCIAL.

NEW YORK, Nov. 18.—There was more animation in the stock market at the opening this morning, but first prices were in almost all cases slight fractions lower than those of last evening. The market at usual of late, however, immediately developed a firm to strong tone, and in the early dealings the urgency of the demand was attested by advances of small fractions, no weak spot being seen in the whole market. The strength in the general list, after some hesitancy, became more pronounced later in the hour, and the market displayed considerable buoyancy. The activity also became greater and prices advanced steadily, the market at 11 o'clock being active and strong at the highest prices reached.
